WORK EXPERIENCE

Apr 2026 - Present
NetU Group | Nicosia, Cyprus

Full Stack Software Developer

- Developed several modules end-to-end using Java, Bootstrap and MySQL for a government platform.
- Deployed code to the validation environment using Jenkins.
- Supported QA and users through several UAT cycles helping resolve issues under tight timelines.
- Mentored 3 summer interns.

Mar 2025 - Apr 2026
ERATOSTHENES Centre of Excellence | Limassol, Cyprus

Assistant Researcher A'

- Contributed to the development of the AfroGrow platform using Spring, React, SQL, and Docker.
- Developed and evaluated ML models for classification and detection tasks, achieving performance metrics of over 80%.
- Contributed to the development of a remote tree detection pipeline presented at the AI & Data Science Workshop 2025.

Jul 2024 - Aug 2024
The Cyprus Institute | Limassol, Cyprus

Research Intern

- Developed allergen classification models using custom encoding methods.

Jun 2022 - Jul 2023
Deloitte Digital | Thessaloniki, Greece

Junior Web Developer

- Developed 20+ responsive and reusable AEM components based on Figma designs for enterprise websites.
- Built page templates, improving authoring efficiency and reducing maintenance work.
- Led a 3-developer team for the migration of 500+ AEM pages, ensuring high accuracy.
- Collaborated with cross-functional teams to troubleshoot issues and implement updates under strict deadlines.

EDUCATION
